

## RV Inspection Checklist

*Please make sure the following is completed or available prior to or during the inspection:*

- ✓ Position the RV on a flat surface where the leveling system can be checked.
- ✓ Provide all maintenance records and vehicle manuals as available.
- ✓ Plug the RV into 30 or 50-amp power.
- ✓ Connect water hose if possible.
- ✓ Put water in the water tank.
- ✓ Empty black and gray water tanks.
- ✓ Connect sewer hose if possible.
- ✓ Provide enough propane to run all systems.
- ✓ Make sure there is fuel to run the generator [above ¼ tank].
- ✓ Have batteries charged-up.
- ✓ Turn on the refrigerator and ice maker at least 12 hours prior to inspection.
- ✓ Empty the oven and the microwave.
- ✓ Have all remote controls available.
- ✓ Keys to the RV should be on hand in case they are needed.

*Thank you in advance for your help!*  
*We look forward to serving you!*
